

HOW TO USE AGRICOAT RESTORE:

Step 1: Degreaser – Remove Dirt, Oil, and Grime

- Dilute the concentrate 1 part concentrate to 10 parts water in a spray container.
- Use a spray container to apply evenly to the paint, rubber, or plastic surfaces.
- Allow it to sit for 2–5 minutes to break down contaminants.
- Use a clean brush to agitate stubborn grime.
- Rinse thoroughly with clean water.

Step 2: Descaler – Remove Limescale, Rust, and Oxides

- Dilute the concentrate 1 part concentrate to 10 parts water in a spray container.
- Use a spray container to apply evenly to the paint, rubber, or plastic surfaces.
- Allow it to sit for 2–5 minutes to break down contaminants.
- Use a non-abrasive brush or sponge to scrub the surface, if necessary, gently.
- Rinse thoroughly with clean water.

Step 3: Surface Prep – Ensure a Clean Surface for Application

- Apply the surface prep solution to a clean microfiber cloth or spray it directly onto the surface.
- Wipe the surface in one direction to remove any remaining contaminants.
- Allow the surface to dry completely before proceeding to the next step.

Step 4: AgriCoat Restore – Revive and Protect the Finish

- Shake the AgriCoat Restore container well.
- Apply an even coat using a spray gun.
- Spread evenly to ensure full coverage.
- Allow it to dry for a few minutes—no need to mask off any areas.
- Avoid contact with water for at least 24 hours to ensure full curing.

SAFETY INSTRUCTIONS:

- **Protective Gear:** Always wear gloves, safety goggles, and a mask when handling chemicals.
- **Ventilation:** Use in a well-ventilated area or outdoors to avoid inhaling fumes.
- **Skin Contact:** If any chemical comes into contact with skin, wash immediately with soap and water.
- **Eye Contact:** In case of eye contact, rinse thoroughly with water for at least 15 minutes and seek medical attention.
- **Storage:** Keep products tightly sealed and store in a cool, dry place away from direct sunlight and heat sources.
- **Disposal:** Dispose of empty containers and waste according to local environmental regulations.

Keep out of reach of children. Use only as directed.

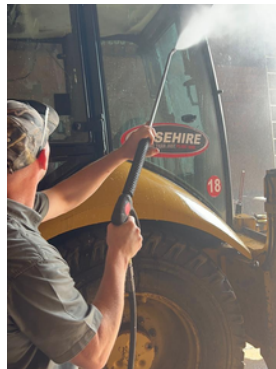

HOW TO USE AGRICOAT RESTORE:

Step 1: Degreaser

1. Dilute the concentrate
2. Apply evenly to the paint, rubber, or plastic surfaces.
3. Rinse thoroughly with clean water.

Step 2: Descaler

1. Dilute the concentrate
2. Apply evenly to the paint, rubber, or plastic surfaces.
3. Rinse thoroughly with clean water.

Step 3: Surface Prep

1. Apply the surface prep solution to a clean microfiber cloth or spray it directly onto the surface.
2. Wipe the surface in one direction to remove any remaining contaminants.
3. Allow the surface to dry completely before proceeding to the next step.

Step 4: AgriCoat Restore

1. Shake the AgriCoat Restore container well.
2. Apply an even coat using a spray gun.
3. Spread evenly to ensure full coverage.
4. Allow it to dry for a few minutes.
